

**MerCruiser 4.3 Cobra  
Marine Inboard Engine  
For Sale**

This is a very good running Mercruiser 4.3 litre (v6) OMC Cobra marine motor. Compression reading is 160 to 165 across all six cylinders, with 40 psi oil pressure and 14 volts out from the alternator. This Mercruiser comes complete with Rochester 2 bbl marine carburetor and spark arrestor, starter and solenoid, distributor and coil, bellhouse, flywheel, motor coupling, fuel / water separator, pulleys, motor mounts, carter marine fuel pump, alternator, power steering pump and cooler, exhaust manifolds, shift linkages and complete engine wiring harness with 50 amp fuses. Motor was rebuilt approx. 16 months ago and has less than 75 hours on it since then. This was used on freshwater Lake Erie and Lake Huron. Ready to drop in, hook up and go boating.
